

# Movement Study at CSU

Movement Neuroscience and Rehabilitation Laboratory, Department of  
Health and Exercise Science

**Did you or your loved one have a stroke or  
Transient Ischemic Attack (TIA)?**

We are seeking volunteers to understand the effect of  
stroke & TIA on skilled hand movements.

**If you are *diagnosed with stroke or TIA***

Contact us at **970-491-7663**

or email us at [mnrlab@colostate.edu](mailto:mnrlab@colostate.edu)

**Compensation provided**
